HOW TO LOOK FOR MISSED HUs

DEFINITION OF AN HU: An HU is a single room, or group of rooms, that is intended for separate living quarters. This means that the people who live there must live separately from everyone else in the building or apartment and the room(s) must have: a separate entrance directly from the outside of the building or through a common hall. A common hall can be a hallway, a vestibule, or a foyer that is used by the residents of more than one living quarter in the structure. It must not be part of any other HU.

MESSAGE NUMBER	TYPE OF HU	WHAT TO DO
1	<i>Used for a Single Family HU.</i>	<ol style="list-style-type: none"> 1. Look for HUs <i>at</i> the assigned address which are not on the Segment Printout. 2. Look for missed HUs <i>between</i> the assigned address and the check address on the Segment Printout. Follow the same path the lister did to define "between." 3. Add any missed HUs to the Missed HU Worksheet.
2	<i>Used for the first unit listed in a multi-unit structure.</i>	<ol style="list-style-type: none"> 1. Look for missed HUs within THIS individual apartment. 2. Observe and use informants to find out if any HUs were missed at this same street address (anywhere within the same multi-unit structure). 3. Add any missed HUs to the Missed HU Worksheet.
3	<i>Used for any listed unit except the first or last unit listed in a multi-unit structure.</i>	<ol style="list-style-type: none"> 1. Look for missed HUs within THIS apartment. 2. Add any missed HUs to the Missed HU Worksheet.
4	<i>Used for the unit listed last in a multi-unit structure.</i>	<ol style="list-style-type: none"> 1. Look for missed HUs within this apartment. 2. Look for HUs between THIS STREET address (assigned address) and the check address on the Segment Printout. Follow same path as the lister traveled to define "between." 3. Add any missed HUs to the Missed HU Worksheet.

NOW... Count the number of HUs you have found and enter on the Missed HU Worksheet.

1-3 HUs Add each missed HU to your assignment.

4+ HUs Call the Field Sampling Coordinator, Linda Wiedmer at 1-877-242-9917. The coordinator will ask you for the information you have recorded on the Missed HU Worksheet (see AP Manual, Section 8 for Missed HU Worksheet instructions). She will tell you which addresses are to be added to your assignment. Circle the appropriate line number on the Missed HU Worksheet and record the new case numbers you are given.

Important Notes:

It is up to you to remember to ask an informant or a Respondent at each assigned address if there are any other living quarters in the HU. Using the definition of an HU, you determine if the additional living quarter(s) count as an additional HU(s).

The message number, which appears on the Segment Printout, is determined by the type of structure in which the assigned address is located. If an incorrect message number is shown, change the message number to the correct number and perform the procedure for the correct number. Report the correct message number on a Segment Change Notification Form (see AP Manual, Section 9). If all HUs in a multi-unit structure have been given an incorrect message number, correct the unassigned address on a Segment Change Notification Form (for all HUs in a multi-unit structure, see AP Manual, Section 9 for instructions).

What if the assigned address is the only HU on the block? The check address will be the same as the assigned address. Check the entire block for missed HUs. For example, if "325 Gordon St" is the only address on Block 605, start at that address and circle Block 605 until you get back to 325 Gordon St. Did you find any HUs any where in the block? If so, they are missed HUs.

What if the assigned address is the last HU on the block? Check between your assigned address and the first listed HU in the same block.

What if there are major problems with the listing? Make detailed notes and call the Field Sampling Coordinator for further instructions.

PAPI	
When 1-3 Missed HUs are Discovered	
A.	Complete the Missed HU Worksheet (see Exhibit 6 in the AP Manual for detailed instructions). Enter the missed HU's addresses in the same order that they would have been listed by a lister.
B.	Create a new case ID for the missed HU(s). Case ID's are eight digit numbers that all begin with a 1 and end with a 0. To create a new case ID you take the original case number for that address and change the last digit, which is 0, to a 1 or 2 or 3. Enter the new case ID in column 7 of the missed HU Worksheet. Record new case ID#s on assignment log.
C.	Assemble and label a set of materials for each selected HU. Be sure to write the new case ID number on each document and the PSU, Seg and block number, address and zip where appropriate.
D.	Conduct interviews at the missed HUs.
E.	Report missed HUs and their new case IDs to your Field Manager during your regularly scheduled report call.
F.	Mail completed Missed HU Worksheets to the administrative RM for the PSU when you have completed all your work in the Segment, even though some of the cases are still being worked by another interviewer. Your FM will give you the name and address of the RM who has responsibility for the PSU.
When 4 or more HUs are Discovered	
A.	Complete Columns 2-4 in the Missed HU Worksheet (see Exhibit 6 in the AP Manual for detailed instructions). Enter the missed HU addresses in the same order that they would have been listed by a lister.
B.	Call the Field Sampling Coordinator. The coordinator will ask you for the address information recorded on the Missed HU Worksheet. S/he will tell you which addresses have been selected and are to be your assignment. Circle the appropriate line numbers in Column 6 on the Missed HU Worksheet
C.	To create a new case ID for a missed HU you take the original case number for that address and change the last digit, which is 0, to a 1 or a 2 or a 3 etc. Record the new case number(s) in Column 7. Record new case ID#s on assignment log.
D.	Assemble and label a set of case materials for each selected HU. Be sure to write the case ID# on each document and the PSU, Seg and block number, address and zip where appropriate.
E.	Conduct interviews at the selected HUs.
F.	Report missed HUs and their new case IDs to your Field Manager during your regularly scheduled report call.
G.	Mail completed Missed HU Worksheets to the RM for the PSU when you have completed all your work in the Segment, even though some of the cases are still being worked by another interviewer. Your FM will give you the name and address of the RM who has responsibility for the PSU.
